

Interior Health Facilities Information (Units)

At Interior Health we have over 19,000 employees and 1,400 physicians on our team, developing the future of health care and pushing the limits of innovation and professional development. Whether you wish to live, work and play in an urban or rural setting, at Interior Health you will find everything you've been searching for, both personally and professionally.

IH Areas:

Kootenay Boundary

Situated between the Selkirk and Purcell mountain ranges, the Kootenay Boundary area is home to just under 80,000 people. Residents enjoy glacier-fed lakes, majestic vistas, natural hot springs, a temperate climate and vibrant communities.

Recreation is important to life in the Kootenay Boundary. In winter, the ski areas provide downhill, cross-country and heli-skiing. In summer, the area is famous for mountain biking, canoeing, kayaking, hiking, waterskiing, fishing, boating and golf.

East Kootenay

Visitors and residents are drawn to the scenic East Kootenay area for the world-class recreational activities, strong cultural presence and the abundance of sunshine. The outdoor enthusiast can find almost any activity in the East Kootenays including hang gliding, river rafting, heli-skiing, hiking, camping, skiing, fishing and snowmobiling - just to name a few!

The East Kootenay region is situated along the Rocky Mountains providing lush green forests, clear glacier-fed lakes, and spectacular alpine meadows. The Kicking Horse and Columbia Rivers run through this area providing spectacular sights and experiences.

Okanagan

Visitors and neighbouring residents alike are drawn to the Okanagan for its beautiful scenery and lifestyle. Awarded with the 2nd most beautiful beaches in all of Canada, this region promises a beautiful area to visit and live year round.

The Okanagan enjoys a moderate winter climate in town with champagne powder in the mountains. World-class ski resorts such as Big White, Silver Star and Apex are within a short driving distance of the main cities. Other activities such as Nordic skiing and snowshoeing are also popular. In the summer, beautiful beaches and hot dry summers lure vacationers from around the globe.

Thompson Cariboo Shuswap

Thompson Cariboo Shuswap covers the largest geographical area and services a population of 220,000. A region of spectacular beauty, agricultural abundance, and historic richness, the Thompson Cariboo Shuswap offers all the amenities of an urban centre without the hurried pace.

There are year round sports and recreational activities, including ice fishing, curling, skiing and snowmobiling in the winter. In the summer, outdoor pursuits include mountain biking, hiking, golfing, and all forms of water sports.

70 Long-Term Care Facilities

TERTIARY HOSPITALS

Kelowna General Hospital (KGH) – Units

KGH-Interior Heart & Surgical Centre (IHSC)

- **Daycare Surgery**
- **IHSC1**-New unit including short stay patients and urology.
- **Maternity**
- **NICU**

KGH-Strathcona Building

- **2W Cardiac Surgical**- The KGH 2W inpatient surgical cardiology unit has 14 beds and an amazing, supportive, team environment. Very fast paced, very high acuity!
- **2S-Cardiac Medical**. Formerly known as 2E which was a 20 bed Telemetry unit.
- **3E-Surgical** (Plastics/Vascular/ENT/Ophthalmology). This is vascular and general surgery unit. Lots of big GI surgeries. A 37 bed unit with 2 overflow beds that can have us at 39 patients. We staff with 5 teams of RN/LPN combo on days and 4 on nights. There is usually also a float RN and a Ward Aide on days.
- **3W-Surgical** (General and Thoracic Surgery) VAC dressing skills are considered an asset on 3W.
- **4S-Pediatrics**
- **4W-Surgical** (Ortho/Neurology/Trauma). – This is a fast-paced, high turnover, 35 bed (plus 2 overflow beds) orthopedic and neurosurgery unit. As a member of our interdisciplinary team you will work collaboratively to provide pre and post-surgical nursing care to this patient population.
- **4E-Medical** (Geriatric/ALC). Medical acuity plus geriatric behaviours, 36 beds.
- **Medical Float**-This is a surgical unit with 20 beds. Staffing is a RN/LPN 1:4 patient ratio.
- **Coronary Care Unit (CCU)**

KGH-Royal Building

- **2nd Floor**-ICU A&B
- **4A-Medical**-31 beds, General Medicine, Renal In-patients and Eating Disorder as our specialty
- **4B-** 32 beds, General Medicine, Oncology, Respiriology (Chronic Vented pts – acute step down from Critical Care – for trauma pts and general medical patients coming out of Critical Care)
- **5B-** 30 Rehab/ 8 Medical beds – PCC, x4 RNs and x4 LPNs on day shift; x3 LPNs and x2 RNs (x1 RN Workload)
- **72 Hours Unit**-Medical. This unit uses a Primary Care Model of only RNs which offers the nurse the opportunity to take charge of their patient load, dive into charts and provide a full complement of care rather than handing it over to another caregiver. The unit is fast-paced and receives patients with acute episodic events that turn around quickly and require fast-paced thinking and excellent care planning skills.
- **5th Floor**-Adolescent Psychiatry

KGH-Centennial Building

- **5th floor**-Psychiatry
- **6W**-Medical (Stroke/GI)
- **Emergency Department**

KGH-Abbott Building

- **Rehab**-30 Rehab/ 8 Medical beds – PCC, x4 RNs and x4 LPNs on day shift; x3 LPNs and x2 RNs (x1 RN Workload dependent on acuity)for night shift; x5 PTs, x3 OTs, x2 Rehab Assistants, x2 Social Work, x1 SLP, x2 Neuropsychologist

Royal Inland Hospital (RIH) – Kamloops

- **Ambulatory Care**-The Ambulatory Care Unit (ACU) provides a variety of services including minor surgeries (Orthopaedics, Plastic Surgery, ENT, Vascular and General Surgery), Urology, Gynecology (including Colposcopy), IV Therapy, Minor Treatments, Eye (Including laser), Endoscopy, Infectious Disease Clinic and Diabetic Foot Clinic.
- **4N**-This unit is a 25 bed general medical unit, specializing in respiratory, acute pain and symptom management for chronic, palliative patients and eating disorders.
- **5S**-is a 20-bed General Medical floor with a team nursing mix of RN's and LPN's. This floor works with a Hospitalist, Respirologists, Internal Medicine, Oncology, Gastroenterology and General surgeons. Work collaboratively with Transition Liasons, an OT, a PT and Social Workers. Nurses work 12 hour days and nights as required.
- **5 North (Rehab)**-Is a 35-bed stroke/rehab/medical unit that provides the opportunity to work with a diverse patient population. The rehab component consists of the opportunity to work within a multidisciplinary team providing patient care for: paralysis, neuro-cognitive disorders, stroke rehab, and post-surgical patients all requiring rehabilitation needs.
- **Surgical 6**-Busy post-op orthopaedics and neurology surgical unit.
- **6North**-Is a post- operative surgical ward for Orthopedics and Neurology patients. We see elective total joint replacements as well as orthopedic trauma and urgent/emergent orthopedic surgical patients. Our Neurology population includes patients undergoing surgical procedures as well as Traumatic Brain Injury patients and non-surgical injuries. Nurses work closely with Physiotherapy and Occupational Therapy to help meet patient's needs.
- **7N-Unit** at RIH is a 38 bed acute general medical ward that specializes in renal and cardiac patients. (Telemetry Nurse-Cardiac inpatient).

REGIONAL HOSPITALS

Kootenay Boundary Regional Hospital (KBRH) – Trail

- Services include 24-hour emergency services, intensive care, acute medical, obstetrics, renal, and psychiatry as well as this 20-30 bed surgical unit.

Penticton Regional Hospital (PRH)

- PRH has just opened the doors to its brand new \$312m **David E. Kampe Tower (DKT)** on April 28, 2019. This new six-storey tower features new medical/surgical units, a new ambulatory care center, five operating rooms, three minor procedure rooms, two endoscopy rooms and one cystoscopy room, as well as a new medical device reprocessing department.
- **DKT Level 4** – Surgical. 28 bed surgical unit Urology, general surgery and orthopaedics divided into 2 teams of 14 patients with team nursing 4 nurses per team. (5 RNs & 3 LPNs on days and 4 RNs & 2 LPNs on nights). PCC and Unit clerk on day shifts. Lots of interaction with Allied health OT/PT/SW/Pharmacy and the Transition Liaison RN.
- **DKT Level 5** is general medical with 8 surgical beds and 2 palliative beds
- **DKT Level 6** - Medical
- **Rehab**-14 bed rehab focused unit where our very busy inter-professional team work cohesively to provide safe and competent care and support for medical and stroke rehabilitation clients in meeting their functional goals and transition to home.
- **South Pavillion (SP2)** –Moved to DKT level 4. SP2 is now empty.
- **South Pavillion (SP3)**-Telemetry

Vernon Jubilee Hospital (VJH)

- **Surgical-Vernon Jubilee Hospital**
- **3 North**-Changed to Medical from ALC Unit with 4 MH Psych Geriatric Beds. This is a 20 bed unit (4 flex beds. RNs/LPNs/RPNs.
- **2W**- This 28-bed medical unit offers a dynamic program focussing on the needs of complex medical clients admitted with a variety of diagnoses. RNs/LPNs.
- **3W**-Surgical Unit. This is a 30 bed unit (6 flex beds). RNs/LPNs.
- **Level 6**-Telemetry – Change staffing mix. This is a 28 bed unit (2 flex beds). Mainly RNs with 1 LPN/shift.
- **Level 7**-Medical. Change staffing mix. This is a 28 bed unit (2 flex beds). RNs/LPNs even mix.
- **Medical Telemetry and medical cardiology**- There are 30 beds, 14 of which are monitored telemetry and 16 are acute medical. Very fast paced, very high acuity!

East Kootenay Regional Hospital (EKRH)

- **Surgical**-This is a 22 bed unit where nurses provide pre and post-operative care.
- **Medical**- medical inpatient unit is currently seeking Registered Nurses to join the team of RNs and LPNs on a casual basis.

COMMUNITY HOSPITALS

- **100 Mile House District Hospital**

The hospital offers services including surgical, inpatient and emergency. OMH is a 16 bed community level hospital. The general medicine unit operates 24 hours and RNs work 12 hour shifts, 07:00 - 19:00 or 19:00 - 07:00. Other services provided include: 24-hour ER services, Pharmacy, Day Care Surgery and more.

- **Creston Valley Hospital**

Creston Valley Hospital is a rural site that offers a number of services including a part-time operating room for scheduled day procedures, a 10 bed Emergency department and 20 acute care beds for medical gerontology, obstetrics, pediatrics and palliative nursing care.

- **Fernie-Elk Valley Hospital**

Elk Valley Hospital is a Level 1 community hospital with a 20 bed medical-surgical unit, a busy 24/7 Emergency department, maternity unit and operating room on site.

- **Golden & District Hospital**

Golden & District Hospital is a Level 1 community hospital with 8 acute inpatient beds. It includes a busy 24/7 Emergency department with 8 stretchers and averages 8,000 visits per year as well as a maternity unit on site that averages 70+ deliveries a year.

- **Grand Forks-Boundary Hospital**

This is a very busy level 1 community hospital that has a catchment population of approximately 12,000 residents. The site offers medical, surgical, residential and emergency services and many community health programs are co-located at the hospital facility.

- **Invermere & District Hospital**

Has 8 acute care beds (2 with heart monitors), 1 Labour & Delivery room, a cast room and 47 residential beds. There is also a 12 stretcher emergency department on site

- **Nelson-Kootenay Lake Hospital**

Level 1 Community Hospital offering services including surgical, inpatient and emergency. The KLH medical unit is a busy medical floor in a small rural hospital in Nelson. It's funded for 27 beds and up to 3 overflow. RNs work 12 hours shifts 24 hrs/day. There is 1 RN and 1 LPN per team of 8-10 patients on day shift and 3 RNs and 1 LPN on night shift.

- **Oliver-South Okanagan General Hospital**

SOGH is an active, rural hospital serving the communities of Oliver, Osoyoos, and surrounding areas that sees an average of 16,000 emergency visits per year. There are 7 Emergency beds and 18 acute care beds which regularly operate at 100% capacity.

- **Revelstoke-Queen Victoria Hospital**

The Queen Victoria Hospital is a Level 1 Community Hospital in the Thompson Cariboo Shuswap health service area. Located in Revelstoke, between Salmon Arm and Golden, the hospital offers services including acute care, laboratory, obstetrics, and emergency.

- **Salmon Arm-Shuswap Lake General Hospital**

Shuswap Lake General Hospital in Salmon Arm is a 43-bed Level 2 Community Hospital. It is located between Kamloops and Revelstoke and offers services including surgical, inpatient, obstetrics and 24 hour emergency.

- **Williams Lake-Cariboo Memorial Hospital**

This is a very busy 20 bed acute medical-surgical unit, co-located with Obstetrics. The unit supports 6 specialists and has a high patient turnover with an average length of stay of 4 days.

Education, Training and Experience:

- Graduation from an approved School of Nursing with current practicing registration with the College of Registered Nurses of British Columbia (CRNBC) or College of Registered Psychiatric Nurses' of BC (CRPNBC).
- Post - basic education in gerontology an asset.

FAQ-Can we work on specialty floors right away?

A: It depends on what the manager is able to support. Areas requiring specialty courses will hire new grads only based on need and in consolidation with possible education funding to put them through a specialized course. Again, this is strictly based on manager discretion and need.

It is recommended that you apply to the regular NG Med/Surg posting, consolidate your skills and when you become an internal employee and see "Expression of Interest" being advertised for specialized course(s) sign for them.

Rural Perinatal

100 Mile House, Lillooet, Revelstoke, Creston, Invermere, Golden, Fernie.

**They will accept Rural Perinatal Equivalencies for IH Facilities that offer Designated Obstetrical Service.
