

How to Download Zoom Application And System Requirements

Rev: June 28, 2022

How to download Zoom to a Mobile Device:

If you download the Zoom application on your smartphone or tablet, you can use Zoom as you would on a computer. Depending on the type of smartphone or tablet you will need to go to the respective App Store. The correct link can be found on the [Download Center - Zoom](#).

iPhone/iPad:

[System requirements for iOS, iPadOS, and Android – Zoom Support](#)

Download: [ZOOM Cloud Meetings on the App Store \(apple.com\)](#)
