## Info Bulletin – Health centre in Tatla Lake closed due to wildfire activity

TATLA LAKE – The **West Chilcotin Health Centre in Tatla Lake** will be closed until further notice due to the volatility of local wildfire activity.

Residents in the Tatla Lake area advised of the following while the health centre is closed:

- In the event of an emergency, call 9-1-1.
- Visit the emergency department at Cariboo Memorial Hospital in Williams Lake (currently open 24/7).
- If you're unsure if your needs are an emergency, call HealthLink BC at 8-1-1, to speak to a health care professional.

*Note: Alternate health services to the west of Tatla Lake are not accessible as Highway 20 is closed to westbound traffic. Please check [www.drivebc.ca](http://www.drivebc.ca) for updates on road closures.*

Given the changing nature of the wildfire situation, Interior Health will continue to update residents on the status of facilities and health services, including when full services may be restored in Tatla Lake. Please visit our [Major Events](#) page on the Interior Health website for further information.
