

For Immediate Release | July 23, 2018

## Tudor Village lab closed for expansion

KAMLOOPS – Tudor Village Laboratory (1315 Summit Dr.) is expanding **and will be closed from 12 p.m. on Thursday, July 26 to 7:30 a.m. Monday, July 30** due to ongoing construction activity.

Tudor Village Laboratory is normally open Monday to Friday, 7:30 a.m. to 11:30 a.m. and 1 p.m. to 3:15 p.m.

During the closure, patients can access lab services at Interior Health Primary & Community Care Services in Northhills Centre (700 Tranquille Rd.), located by the food court, and at Royal Inland Hospital, on the fourth floor of the Clinical Services Building (311 Columbia St.).

Construction activity will continue throughout the summer. The newly renovated space, which is expected to be completed by early fall 2018, will feature expanded lab collection workspaces, a more comfortable waiting area, increased access for patients with disabilities, and improved privacy for patients.

We apologize for this temporary disruption and thank you in advance for your patience.
