Tudor Village lab closed for final renovations

KAMLOOPS – Tudor Village Laboratory will be closed for final renovations on Friday, September 14, 2018, reopening 10:00 a.m. on Monday, September 17, 2018.

Tudor Village Laboratory is not open over the weekend and regular business hours are Monday to Friday, 7:30 a.m. to 11:30 a.m. and 1 p.m. to 3:15 p.m.

During the closure, patients can access lab services at Interior Health Primary & Community Care Services in Northhills Centre, located by the food court, and at Royal Inland Hospital, on the second floor of the Clinical Services Building.

Upon reopening on Monday, September 17, the newly renovated space will feature expanded lab collection workspaces, a more comfortable waiting area with natural light, increased access for patients with disabilities, and improved privacy for patients.

We apologize for this temporary disruption and thank you for your patience.
