

# Community MHSU Services

## SUMMARY OF NAME CHANGES

*What's in a name?*

*That which we call a rose by any other name would smell as sweet - William Shakespeare*

The Community Mental Health and Substance Use (MHSU) Service names are integral to providing the public, patients/clients, partners and staff with consistent, approachable and understandable service names.

The name changes align with the following principles:

- Names clearly describe the service
- Minimize use of acronyms
- Maintain local relevance as appropriate
- Eliminate time based terminology

*Change the way you look at things and the things you look at change - Wayne Dyer*
