How to access the new Interior Heart and Surgical Centre at KGH

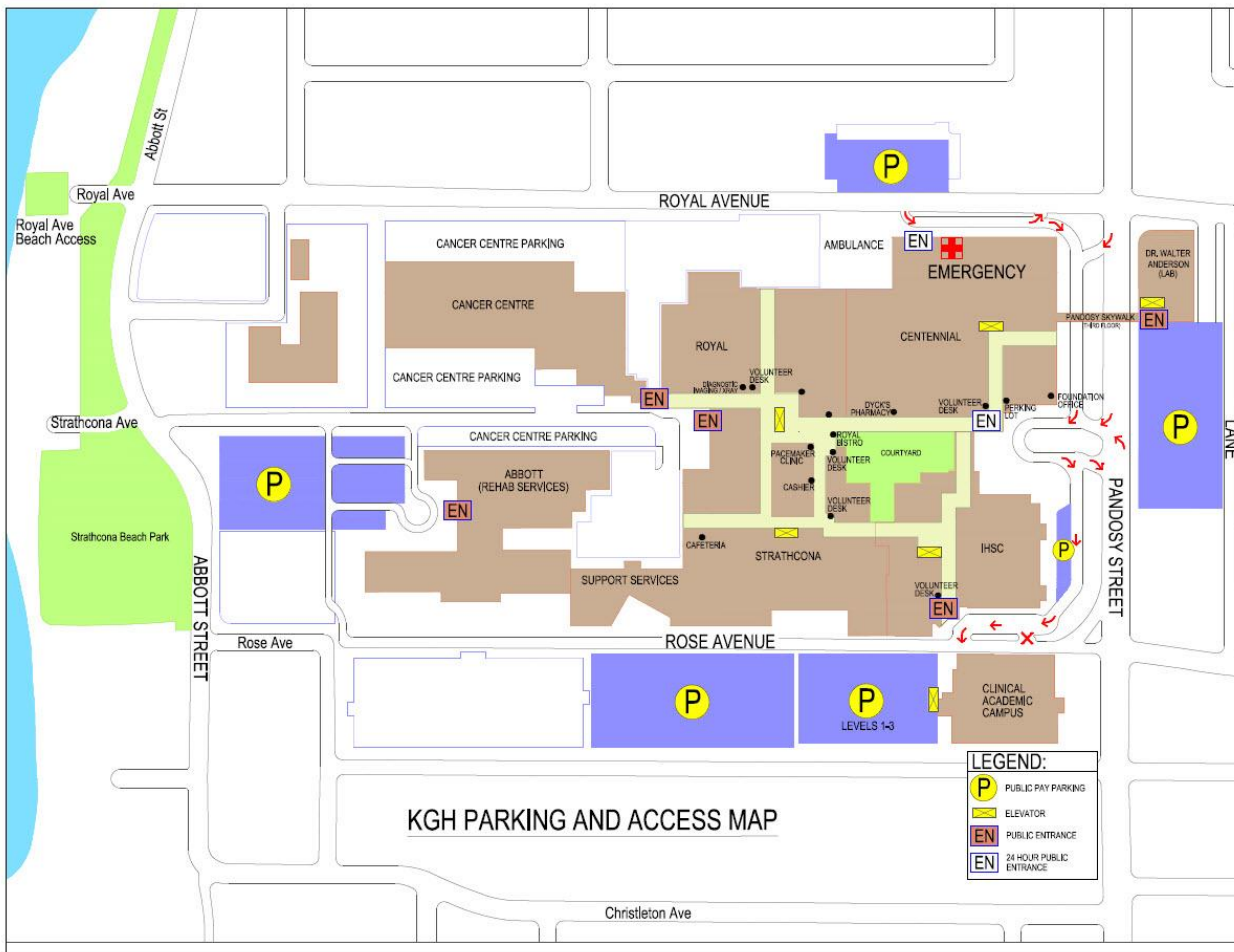

Beginning Sept. 28, the new Interior Heart and Surgical Centre (IHSC) at Kelowna General Hospital (KGH) will be open to patients, their families, and their loved ones.

Once the new IHSC is open, patients arriving at KGH for day surgery procedures should check in at the Surgical Services Reception located on the first floor of the IHSC.

The IHSC can be accessed by two entrances. The new Rose Avenue entrance is located under the canopy on the Rose Avenue side of the IHSC. This entrance is open daily from 5:45 a.m. to 8 p.m. After hours, this entrance can be accessed by ringing a buzzer located next to the doors.

The other entrance to the IHSC is through a link located in the main lobby of the Centennial Building. This link is also open from 5:45 a.m. to 8 p.m. every day. After hours, this entrance can be accessed by checking in at the security desk located in the main lobby of the Centennial Building. The Centennial Building main entrance is open 24 hours a day, seven days a week.

An official grand opening celebration of the IHSC will be held in October.
