Public invited to a sneak peek of new surgical centre at KGH

Interior Health invites the public to a sneak peek of the new Interior Heart and Surgical Centre on Saturday, June 20, from 10 a.m. to 2 p.m.

This is the community's opportunity to go behind the scenes of this new state of the art integrated surgical centre and see areas that will not be publicly accessible once it opens in September.

The public are asked to leave bags and knapsacks at home and are advised to wear comfortable walking shoes as they will be visiting areas throughout three floors of this 152,000 square foot building.

Entry to the Interior Heart and Surgical Centre is gained through the entrance located off of the vehicle turnaround on Pandosy Street.
