

Bariatric Recommended Equipment

Caring safely for bariatric patients requires equipment which has the appropriate weight and size capacity. The following is a list of recommended equipment and, in some cases, suppliers of bariatric equipment.

CEILING TRACK LIFTS	
<p>Ceiling Mounted Systems (Examples):</p>  <p>Handicare C-450: Safe Work Load (SWL) 450 lbs./193. Handicare C-625: SWL 625 lbs./285 kg. Handicare C-800: SWL 800 lbs./360 kg. Handicare C-1000: SWL 1000 lbs./455 kg.</p>  <p>6 Point Spreader Bar:</p> <ul style="list-style-type: none"> • Model T6192 • Model T6199 <p>Portable Frame Systems (Examples):</p>  <p>4 Post Bariatric Lift:</p> <ul style="list-style-type: none"> • SWL 800 lbs./364 kg.  <p>Sequoia Portable Lift:</p> <ul style="list-style-type: none"> • SWL 800 lbs./364 kg. 	<p>Notes: <u>Order equipment through your normal process.</u></p> <p>Links to equipment company websites are provided if you require additional information.</p> <p>Equipment companies: https://www.handicare.ca/ https://www.guldmann.com/</p> <p>Rental or loan: Contact your rehabilitation or nurse clinician regarding the Medical Equipment Provision Program (MEPP)</p> <p>The majority of clients can be managed with ceiling mounted or portable units.</p>

SLINGS / REPOSITIONING TOOLS

Transfer/Repositioning Slings:

Transfer Slings (L – XXL):

- SWL 600 - 800 lbs./272 - 360 kg.
- Universal
- Quilted Head Support (HS)
- Padded HS

<https://www.handicare.ca/>
<https://www.guldmann.com/>

Repositioning Slings:

- SWL 600 lbs./272 kg.
- 42" x 78" standard
- Available in solid or mesh fabric
- Can move patient to head of bed, side of bed and turn patient
- Stays under patient on bed; may use sheet on top of sling for patient comfort
- Available in custom sizes

Strap extensions can be used on the sling loops to allow for wider girth. A variety of size extensions are available.

Band Slings:

- SWL 600 lbs./272 kg.
- Size Large set

Roller Band Sets:

- SWL 600 lbs./272 kg.
- Regular and Bariatric sizes
- Can be applied and used by single caregiver
- Used for patient rolling and access to patient's back
- Used for limb lifting to allow for easy lower leg, foot and perineal care
- Used as rehabilitation tool for limb support during early stage range of motion exercises

www.tollos.com

Manual Repositioning Tools:

MIP:

www.mipinc.com

Slider Sheet System:

- Includes fitted slider bottom sheet and slider draw sheet; both stay on bed under patient
- Bariatric sizes have yellow stitching
- Only appropriate to promote patient independence with boosting up and turning in bed; otherwise patient should be repositioned using a mechanical lift

MECHANICAL SIT TO STAND LIFTS

ArjoHuntleigh:

Note: Equipment MUST be used with corresponding company slings.

Arjo Sara 3000:

- SWL 440 lbs./200 kg.
- Two batteries and one charger supplied
- Maximum lifting height – 67”
- Optional integrated weigh scale (weighing capacity 418 lbs./190 kg.)

www.arjo.com

Liko:

Sabina II:

- SWL 440 lbs. /200 kg.
- Base widening available in manual or electric

www.liko.com

Steady Aid:

- 2 lift sizes available:
 - SWL 450 lbs./204 kg.
 - SWL 750 lbs./340 kg.
- Optional integrated weigh scale

MECHANICAL TOTAL FLOOR LIFTS

ArjoHuntleigh:

Tenor:

- SWL 704 lbs./320 kg.
- Bariatric slings available

Medi-Lifter III:

- Different models available with varying weight load capacity. Check SWL before using.

Note: Equipment MUST be used with corresponding company slings.

www.arjo.com

Liko:

Viking Series:

- 3 lift size options:
 - Viking M: SWL 450 lbs./205 kg.
 - Viking L: SWL 550 lbs./250 kg.
 - Viking XL: SWL 660 lbs./300 kg.

www.liko.com

Tollos:

Ultralift 3510XH:

- 2 lift size options:
 - SWL 600 lbs./272 kg.
 - SWL 750 lbs./340 kg.
- Boom raises to 90.5" for maximum lifting height
- Spreader bar lowers to 10" from floor

www.tollos.com

Titan X:

- SWL 1000 lbs./450 kg.
- Optional weigh scale
- Oversize 4 point spreader bar
- Has a large base so not suitable for all care environments

LATERAL AIR TRANSFER DEVICES
Hovertech:

Hovermatt:

- SWL 1200 lbs./544 kg.
- Matt width: 52" (bariatric)
- Half-length matts available for specific uses, e.g. cystoscopy, gynecology, maternity
- Hose lengths: 5' hose (regular) or 25' hose available for MRI settings
- Canister: 1100 Watts
- Cart: for transport and storage
- Disposable sheets available for use in OR
- Friction reducing device which can be used for lateral transfers and repositioning patients
- Can remain with patient throughout care pathway, e.g. emergency > medical imaging > OR > PAR > medical unit, etc.
- Can be used with patients with skin integrity issues and those requiring pressure relief – individual assessment required

<http://www.hovermatt.com/>

HoverJack:

- SWL 1900 lbs./862 kg.
- Can be used to raise people off the floor to stretcher height
- Can be used for lateral transfers in combination with HoverMatt or slider system

<http://www.hovermatt.com/hoverJack>

Hill-Rom:

Air Pal

- SWL 1200 lbs./546 kg.
- Matt width: 50" (bariatric)
- Matt length: 76"

www.hill-rom.com

Stryker:

Glide:

- SWL 1000 lbs./453 kg.
- Matt width: 54" (bariatric)
- Matt length: 82"

www.stryker.com

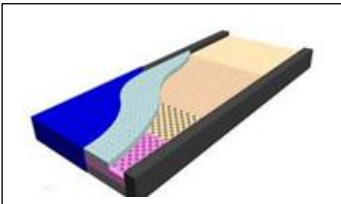

BEDS / STRETCHERS
Stryker:

Stryker Prime Series:

- SWL 700 lbs./318 kg.
- 3 options:
 - Zoom Motorized Drive System – eliminates start-up force and manual pushing; reduces caregiver effort and transport time. Allows one-person transport capability
 - Big Wheel - reduces start-up force by 50% and steering effort by 60%
 - Retractable fifth wheel - optimizes traction and cornering to reduce caregiver effort
- Optional integrated weigh scale
- Lift assist backrest

Stryker Prime Series spec sheet:

www.stryker.com

Medtrica:

Memory Flex Mattress

<https://medtrica.com/memory-flex-5-0-mattress-xt/>

KCI:

BariMaxxII Bed:

- SWL 1000 lbs./450 kg.
- Pressure redistribution mattress
- Expandable bed width to 48"
- Integrated weigh scales
- Dual brake pedals on all 4 casters
- Can lock steering on foot end casters
- Padded and expandable side rail
- Fully electric with Trendelenburg features
- Low bed height increases patient's ease of entry / exit
- Side-of-bed entry / exit for ambulatory patients

Rental Option:

KCI Medical Canada, Inc.

Can be rented with or without Overlay.
Order using a Non Stock Purchase Requisition Fax and follow up phone call.

Rotech:

Varitech Bed:

- SWL 1100 lbs. / 500 kg.
- Expandable width to 53"
- Fully electric Trendelenburg features
- Lowers to 12" from floor
- Optional integrated weigh scales
- Optional transportation dolly

www.rottechbeds.com

MIP:

Bariatric Mattress:

- SWL 600 lbs./272 kg.
- Width options: 39" - 48"
- Provides pressure reduction
- Weight = 30 lbs.

www.mipinc.com

COMMUNES / SHOWER CHAIRS

Broda:

Broda Bariatric 385:

- SWL 800 lbs./363 kg.
- Suitable as commode and shower chair
- Seat width: 27" or 33"
- Seat depth: 21" or 23"
- Seat height: 21" or 23"
- Tilt recline
- Elevating leg rests
- Easy to maneuver
- Access to peri care
