

DRUG ALERT

Vernon

p-fluorofentanyl sold as meth

Looks Like: White chunks

Sold as: Crystal meth/methamphetamine/side

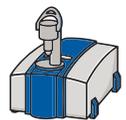

Contains: Undiluted p-fluorofentanyl 

Risk: Extremely high risk of overdose and fatal overdose
Different effects than expected
Severe respiratory depression (not breathing)

p-Fluorofentanyl is a fentanyl analogue that can be up to 2x stronger than fentanyl. Naloxone can reverse a fluororfentanyl overdose.

Drug checking is available in Vernon at the Medicine Shoppe Pharmacy
Mon-Fri 9-5 and Sat-Sun 10-4
Call or text 778-212-8611

Consider these additional tips if you are going to use drugs

- Find more drug checking locations at www.drugchecking.ca
- Be aware of risks if mixing with other drugs, including alcohol
- Use with others around or at an Overdose Prevention Site
- Start with a small amount and wait before taking more 
- Space out your doses
- Carry naloxone and know how to use it
- Call 211 or visit bc211.ca to find services near you
- Get the LifeGuard App - lifeguarddh.com
