

Is it really worth it... Think about it
craving is temporary damage is permanent

Drop the ash, keep your cash

Smoking can lead to

- memory loss
- depression
- death
- cancer
- diseases
- and more

Why pay for a cancer stick?

Quit the haze extend your days

8 million people die each year to smoking

Approximately 1.3 billion people smoke around the world

thats toomuch

If you smoke it's a joke

be smart don't start
