

NAVIG8: EMERGING LEADERSHIP PROGRAM

An innovative, two-year leadership development program designed for new and emerging medical staff leaders, equipping participants with the skills, insight, and confidence to thrive in today's complex and evolving healthcare environment.

CORE LEARNING MODALITIES

SELF-DIRECTED ONLINE LEARNING

Access a virtual library and online modules to support learning and continuous growth between sessions.

MENTORSHIP PROGRAM

Matched with an experienced leader for one-on-one mentorship and coaching to help navigate real-world challenges.

INDIVIDUAL LEARNING PROJECTS

Hands-on integration of learning through participant-led projects.

IN-PERSON & VIRTUAL LEARNING SESSIONS

Eight two-day in-person and two virtual learning sessions facilitated by medical staff, administrative dyads and industry experts.

PEER LEARNING GROUPS

Small learning groups facilitated by a Quality Improvement Consultant, creating a supportive environment for peer learning.
