AP0200 – Client Rates for Alternate Level of Care Patients Awaiting Long-term Care Access

- Client rates are determined in accordance with Policy 7.C.1 Fixed Client Rates for Time-limited services in the [Home and Community Care Policy Manual](#).
- Patients who have been previously assessed and approved in the community as requiring Long Term Care Home services, and patients who are assessed and approved for Long Term Care Home services during their hospital stay receive a 30-day grace period from the date of approval by exception.
- Where the patient experiences an acute episode during the 30 day grace period, IH will suspend the grace period and resume it when the patient is reassessed as returning to ALC status, and is suitable to access Long Term Care Home services. The client rate is not charged until a cumulative 30 days have elapsed.
- Patients discharged from their Long Term Care Home prior to their hospital admission receive no grace period, and are charged the client rate starting the date the patient is reassessed as suitable for returning to a Long Term Care Home.

4.0 PROCEDURE

- Access to Long Term Care Home services from acute care must comply with the [IH Access to Long-term Care Home Standardized Process and Procedure](#), revised September 2022.
- Upon approval, information is communicated to the appropriate ALC designator.
- The appropriate designator will ensure the patient’s classification is changed to ALCP.
- The appropriate designator is to meet with patient / family representative to review and complete an ALC Agreement Form [#807638](#). If patient/family, refuse to sign form, indicate this in the patient/family representative signature box and date it for when the charges were verbally presented.
- Once signed, the original ALC Agreement Form will be submitted to the Accounts Receivable department via interdepartmental mail, a copy will be provided to the patient, or the patient’s financial representative, and a copy remains on the patient’s chart.
- All IH sites will follow the Meditech Order Management process. (Meditech 6.1 pages 116 – 120) [Meditech Manual, Part B](#).
