

GET READY TO SPARK SMILES WITH THE DENTAL HEALTH EDUCATION KIT!

Interior Health's Dental Program is thrilled to announce our latest resource now available for lending to community members like you!

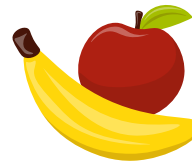

ABOUT THE KIT

Designed for young learners ages 3-6, this kit is packed with engaging lesson plans tailored to make it easy for community members to guide fun and interactive oral health education. The lessons are accompanied by vibrant laminated visual aids. Plus, a large tooth model and toothbrush is included for hands-on learning!

Lesson One

Brushing for healthy teeth.

Lesson Two

Eating for healthy teeth.

Lesson Three

Visiting the dental office.

Let's join hands in spreading smiles and promoting lifelong oral health habits in our community!
