

Documentation Instructions – Residents in ED

LOG IN with user role: IH Provider -

When you first login to Meditech, ensure you have selected the correct role and site. Click the down arrow to change:

The image shows the Meditech EXPANSE login interface. At the top, the text 'MEDITECH EXPANSE' is displayed in green and black. Below this, there are input fields for 'User', 'Domain', 'Password', 'HCIS', and 'Job'. The 'Job' field is currently set to 'IH Provider -' and has a small red square with a white arrow pointing down, indicating a dropdown menu.

Select ED Physician Tracker from the start menu:

The image shows a 'Web ED Physician Main Menu' window. It contains a list of options: 'ED Physician Tracker' (highlighted in green), 'Acute Status Board', and 'Mgmt Reports'. A small black arrow points to the right next to 'Mgmt Reports'.

SET UP PIN

Select the Menu option. Change PIN will display. After selecting Change PIN, the following screen will show.

Enter your Network password, and then enter your new PIN in the Enter New PIN and Re-enter to Verify fields. Click OK.

The image shows a Meditech menu screen. At the top, there are icons for 'Sign', 'Workload', 'Menu', 'Settings', and 'Close'. Below these, there is a list of options: 'Compose Message', 'Manage Typicals', 'Reports', 'Workload Preferences', 'Set Print Preferences', 'Change PINs', 'External Links', and 'Help'. A red arrow points to the 'Change PINs' option.

SIGN UP

1. Click on the button with 'Sign Up' written on it and click 'Sign Up' on the drop-down menu that appears to add yourself as the resident assigned to the patient.

That will add your name in blue at the bottom of the button to differentiate from an ED staff provider.

2. Add your preceptor as the ED provider by clicking on the 'Sign Up' button again and click on 'Edit Providers' in the drop-down menu.

! Failure to add preceptor with Sign Up button will mean preceptor needs to be added as Principal on the Document Contributors screen (instructions included later).

An overlay will appear to allow preceptor to be added.

On this overlay, you will search for your preceptor by name using the search box in the top right corner. The list will filter based on your search field. Click on the correct physician from the list to highlight it in blue. You will also see the physician's name appear on the left under ED Provider. Click Save in the top right corner to confirm your choice.

CREATE DOCUMENTATION

An alert advises that the report will be available to the patient in MyHealthPortal.

Nonportal Reasons

Sensitive Information

Concern for patient's safety and well-being. Assess if there is a potential for risk of physical harm to the patient, staff or others. Examples: Sensitive reports may include information regarding sexual, domestic; elder; and/or child abuse, or psychiatric conditions.

Third Party

Avoid including information provided by a third party. Example: Information disclosed in confidence from a relative of a patient, without the patient's knowledge.

Other

Example: Direct request from the patient to prevent the release of the document to MyHealthPortal.

NOTE: The patient has the right to request copies of their nonportal reports through Health Records Departments as per the Freedom of Information and Protection of Privacy Act.

Click on the appropriate Emergency Dept Note document to open it.
Look at the document contributor section underneath Emergency Dept Note:

If your preceptor is not listed as Principal, you will need to click in this area to open the Document Contributors overlay.

Click inside the ED Note text box to start documenting.

The system will return you to the tracker and the document will display in I-Signed status in the patient's EMR.

The Preceptor is notified in their Sign queue to complete their portion of the ED document.

Preceptor Instructions – Residents in ED

Preceptor

From your tracker you will now see the patient that your resident assigned to you. **To review and sign the document, you must click on the Sign List button.** Do not access through the Document panel.

Reports to be signed will appear in your sign queue: your draft reports, as well as student and resident reports.

To add notes of your own and enter the required responses, select the Edit Document button to launch the document. The note the resident originally signed will be captured for audit purposes. The notes the preceptor signs will appear separately and beneath the resident's documentation.

On the Discharge Plan, complete the required Final Diagnosis, Complexity and Disposition fields.

The screenshot displays the 'Emergency Dept Note Nonportal' interface. At the top, there are tabs for 'ED Note', 'Discharge Plan', 'Procedures/Billing', and 'CritCare'. The 'Discharge Plan' tab is active. A red box labeled '1' highlights the '*Final Diagnosis (Required)' field. A red box labeled '2' highlights the '*Disposition Instructions (Required)' field, which contains several buttons: 'MD Discharge', 'RN Discharge', 'Consultation', 'Handover', 'Admit to Ward', 'Admit to CCU/OR/ICU', 'LWBS/AMA', 'Expired', 'Interfacility Transfer', and 'CDU/Observ'. A red box labeled '3' highlights the 'COMPLEXITY' section, which includes a 'Rapid' button and a 'Referral' section with buttons for '1', '2', '3', 'CDU', and 'TTL'. A red box labeled '4' highlights the 'Sign' button in the top right corner. The form also includes sections for 'Medications', 'Post-Discharge Orders', 'CallBack Reminder', 'Stand Alone Forms', 'Instruction Sheets for Home', 'Patient Instructions', 'ED Provider', 'ED Resident', and 'Other Providers'.

When all of the mandatory fields have been completed, click Sign and enter PIN to finalize.

IMPORTANT!

If you discover you have created documentation in error (incorrect patient/account/template):

- Immediately create an addendum stating **“This report has been created on the wrong patient/account/template and will be cancelled. Please ensure your records are updated accordingly.”**
- Create the document on the correct patient/account/template
- Email DocumentationSupport@interiorhealth.ca with patient and report demographics so that we can remove the report from the patient's EMR.

If you discover a typo/text error in your document:

- Create an addendum to correct or clarify the text error.
- If the error cannot be clarified in an addendum, email DocumentationSupport@interiorhealth.ca with report details and we will assist in correction.
