**IMPORTANT: Recruitment scam warning**

Please be on alert for potential recruitment scams where individuals may be falsely claiming to represent Interior Health.

Always take precautions when sharing personal details with unverified sources. We will never ask you to complete personality questionnaires during the hiring process. Be skeptical of any job listing asking for unnecessary personal information. Please note that we will never ask for money or payment at any point during our recruitment process.

Applicants should be aware there are many job search websites on the internet that allow online job postings to be published that may not be legitimate or verified.

If you have found a job posting on an external job board, please visit our Interior Health Job board by online search or reaching <https://jobs.interiorhealth.ca/> directly and search the competition number to confidently apply.
