

Long-term Care Home Wait times

Below are the average wait times for the long-term care facilities in Interior Health. Many factors affect individual wait times, including size of the site, size of the community and number of facilities in the community. This average was calculated using the wait time of the last 10 people to be admitted to each facility, individual wait times may vary.

This wait time calculation was updated as of June 6th, 2022.
