

MEDITECH Web Expanse

MyHealthPortal – Emergency Department Note

Add the new Emergency Department Note document template to the documents list.

- 1. Navigate to Document
- 2. Start typing *emergency* in search bar.
- 3. The new Emergency Dept Note will display.
- 4. Click on the Star icon to save to your favorites list.

Result:

Both Emergency Department Note documents will be available for use

Emergency Dept Note document:

Upon opening this document, you will notice a top alert indicating your selection of the MyHealthPortal template for patient access. This alert **does not** display on the final document.

Emergency Dept Note Nonportal document:

Upon opening this document, you will see this section '**Portal Unpublished Reason**

1. Click in this section and select the nonportal reason.

Delete a Pending Document

If you have selected the wrong document template, delete your pending document by clicking on the icon and click **Delete Document**
