

On Demand STI Testing

What is On Demand Testing?

On Demand STI Testing is a quick and easy way to check for STIs without needing to see a healthcare provider. It is a great option for routine STI testing.

What can I get tested for?

- Chlamydia
- Gonorrhea
- Syphilis
- HIV

How do I get On Demand STI Testing?

Please **ask at the lab front desk for “On Demand”** Testing or book a separate appointment through our website.

Scan QR Code 

Will I see a health care provider at my visit?

You will **NOT** see a nurse or doctor during an On Demand STI Testing appointment.

Who should not use On Demand STI Testing?

If any of the following applies to you, please **DO NOT** request On Demand STI Testing and see a nurse or doctor:

- You are experiencing symptoms of an STI
- You require treatment after recent sexual contact with someone who tested positive for an STI
- You would like to access HIV Post-Exposure Prophylaxis (PEP) or emergency contraception
- You are unable to collect your own swabs
- You would like to speak to a nurse or doctor for any other reason
