<b>Interior Health</b>		<b>77%</b>	<b>71%</b>	↑

Total number of observations this quarter at Vernon Jubilee Hospital was 486

Hand hygiene rates are based on observations of staff practicing hand hygiene before or after patient care, as seen by auditors. Comparisons between facilities are not advised as they may differ in their size, patient characteristics, and services they provide. NA indicates data not available, or insufficient number of observations to report a rate. Hand hygiene compliance rates include all health-care provider disciplines.
